About AAFCPAs

AAFCPAs has a position of unquestioned leadership in charter schools. Our dedicated team provides best value audit, tax, and consulting solutions to nearly half of all MA charter schools. Our comprehensive insight benefits some of the most successful start-up schools and multi-site proven providers on the east coast. We are intimately familiar with how charter schools operate at every stage of development. Our expertise encompasses the latest insights and best practices in surplus revenue calculations, industry ratio analysis and benchmarking, sound internal control procedures and building finance strategy. AAFCPAs' charter school clients consider us a best value CPA firm because we provide that ideal combination of expertise, service, and price.
